Juniors

Halfway Through

Some Juniors say this is the greatest year!

Philip Fields, David Adams, and Mike Moore ranked in the top 10% for the Selection Index from PSAT/NMSQT. This score is used in determining who will be recognized and considered for scholarship in the NMS Program to be official in 1978,

Julie Foster, secretary-treasurer of the Junior Class, carries much of the work and responsibility for this very important year which includes the highlight of the Prom.

SOPHOMORES

This second year of high school finds most students accepting the routine with ease and enthusiasm.

During our sophomore year we select our class rings, prepare for Varsity sports, and anticipate tryouts for the Musicales.

Happy to have the freshmen year behind us, we are looking forward to being a part of every activity that goes on.

OPPOSITE: A typical class in gym - jumping on the trampoline. **TOP RIGHT:** Chelli Richmond and David Harper spend many an hour preparing accompaniments for the Choruses. **LOWER LEFT:** Janice Tarter and Tammy Spencer just "checking out" a bookkeeping assignment.

FRESHMEN

What do we say about high school -

. . . I was scared at first; I was little again; the place was full of giants.
. . . We were top dog in junior high; now we are at the bottom again.

What do we like about high school -

. . . freedom to go to our lockers, to the library, to gym, to chew gum.
. . . girls' sports: softball, volleyball, soccer, tennis, golf.
. . . to make out our own schedules; to tell others about our own radio station.

. . . to have a variety of food; we think our cooks are great.

What do we wish we could change -

. . . improve the girls' lockers; shorten the time we stand in line for lunch.
. . . change Wednesday's menu to spaghetti with meat sauce, garlic bread, green salad with a choice of dressing.
. . . change Friday's menu to Tacos, cake and fresh fruit.

What do we miss from our earlier years of school -

. . . RECESS!!!

We believe in the supreme worth of the individual and his right to life, liberty, and pursuit of happiness.

We believe that every right implies a responsibility; every opportunity, an obligation; every possession, a duty.

We believe that thrift is essential to well-ordered living and that economy is a prime requisite of a sound financial structure, whether in government, business, or personal affairs.

Principals by which John D. Rockefeller, Jr. lives.

We also believe your 1st experience will be very rewarding.

We will make every effort to guarantee this.

We wish you much success in the coming years.
